

## WORKSHOP ACTIVITY: Using Signpost Expressions

**Directions:** apply what you learned about using signpost expressions. Select appropriate signposts for the three structure areas of your presentation listed below. Feel free to use the signpost expressions handout to assist you. **For each structure area, record a signpost expression** you feel comfortable using in the designated block below.

### Structure: Presentation Introduction

**Introduce what you are going to talk about.**

**Explain the structure of your presentation.**

**Transition to individual key points**

## **Structure 2: Presentation Body**

**Discussion and supporting each presentation key point: Introducing and transitioning from point to point, providing examples, showing contrasts, etc.**

**Key point #1: (intro, example, transition)**

**Key point #2 (intro, example, transition)**

**Key point #3 (intro, example, transition)**

**Transition to your presentation conclusion**

### **Structure 3: Presentation Conclusion**

**Say what you said,  
Make recommendations, or appeal for support  
Ask for questions**
